

Ambiant® Biodegradable Grease

No Sheen Biodegradable EP Grease

Ambiant® Biodegradable Grease is an Aluminum Complex EP grease made with vegetable base oils from Amazon rainforest trees, stabilized with SVB's proprietary reaction processes. Ambient Grease is unique, having a clear yellow color. It is sticky and tacky, has excellent lubricity, antiwear, and Extreme Pressure characteristics and is suitable for the most sensitive marine or land environments. Ambient base oils are 100% biodegradable and passes the U.S. Coast Guard Static Sheen Test.

APPLICATIONS:

- Any application for waterproof grease where the risk to the environment must be minimized.

FEATURES AND BENEFITS:

- Ambient Biodegradable Grease is non-sheening, has Extreme Pressure additives, and is made to meet German Blue Angel, Norwegian Water Quality Standard, Swedish Environmental Quality Standards, and European "ECO" Standards
- Highly Resistant to water wash-off
- Excellent lubricity, antirust and antiwear characteristics

AMBIENT BIODEGRADABLE GREASE	
NGLI Grade	1
Color	Clear Yellow
Dropping Point, C	None
Base Oil	Reacted Vegetable Oil
Thickener Type	Al Complex
Four Ball Wear, scar mm	0.30
Four Ball Weld Load, kg	290
Non-worked Penetration	310-340
