

Ambiant® ISO 1500 EP Gear Oil

Highly Biodegradable, High Performance

Ambiant® Gear Oils are unique, latest generation biodegradable EP gear oils. Ambient® fluids are made with vegetable seed oils from Amazon rainforest trees, stabilized with SVB's proprietary reaction process. Ambient Gear Oils are extra sticky and tacky, have excellent lubricity, antiwear, and Extreme Pressure characteristics and are suitable for the most sensitive environments. Ambient base oils are 100% biodegradable.

APPLICATIONS:

- Open or enclosed industrial gearboxes, oil rig jacking systems, screw, sliding or EP applications where the risk to the environment must be minimized.
- For use in new or refilled equipment

FEATURES AND BENEFITS:

- Ambient Gear Oils are blended to meet the following specifications: API GL-5, US Steel 224 AGMA 250.04, German Blue Angel, Norwegian Water Quality Standard, Swedish Environmental Quality Standards, and European "ECO" Standards
- Extra sticky and tacky; stays where it's applied
- Excellent lubricity, antirust and antiwear characteristics

AMBIANT® GEAR OILS	ISO 1500
Viscosity @ 40 C.	1550
Density g/cc	0.95
Flash Point C / F (ASTM D92)	305 / 581
Pour Point C / F (ASTM D97)	5 / 41
Four-Ball Wear Testing (ASTM D4172)	0.30
Four-Ball Weld Load, kg	>400
Copper Strip Corrosion Test	1b
